# Fee Schedule

SERVICE DESCRIPTION	PER UNIT FEE
<b>ATM/Debit Card</b>	
ATM/Debit Card Transaction Fees	
If you are a Warsaw Federal Debit Card holder there are no transactions fees for using a Warsaw or MoneyPass network Automated Teller Machine (ATM). The following charges apply to transactions at non-Warsaw ATM or MoneyPass network locations:	
Cirrus Network ATM (including inquiries)	\$1.50
Other Foreign ATM (including inquiries)	\$1.00
Mastercard charges us a Currency Conversion Fee of 0.200% of the transaction amount for performing currency conversions and a Cross-Border Fee of 0.900% of the transaction on all cross-border transactions (even those with no currency conversion). Therefore, you will be charged 1.100% of the dollar amount on all cross-border transactions when the country of the merchant or machine is different than your country as cardholder.	
ATM Surcharge ( <i>non-customer</i> )	\$3.00
Debit Card Replacement	\$5.00

## IOTA/IOLTA CHECKING ACCOUNT (Product Type 13)

Not currently being offered

<b>Description:</b>	IOTA stands for "Interest On Trust Accounts" IOLTA stands for "Interest On Lawyers Trust Accounts." We <b>MUST</b> use the Ohio TIN: 31-1126612. An IOTA/IOLTA is basically used when an attorney needs to separate the clients' funds from the practice operating funds. State of Ohio law directs that interest from an IOLTA be used to fund Legal Aid. We set up these accounts similar to business checking with excess credits going to Legal Aid instead of "Interest."	
<b>Opening Balance:</b>	\$50 to open.	
<b>Interest:</b>	None	
<b>Fees:</b>	<b>Monthly Fees</b>	<b>Charge</b>
	Monthly Service Fee	\$10.00
	Per Check Paid	\$ 0.17
	Per Deposit	\$ 0.35
	Per Item	\$ 0.10
<b>Statement:</b>	Monthly - paper statement or estatement available	
<b>Electronic Transaction Access:</b>	No.	
<b>Penalties/ Restrictions:</b>	Online Banking is available for Inquiries/information only. See Ohio Revised Code	
<b>For More Information:</b>	See Business Account Comparison, Brand Hub	
<b>Insurance:</b>	\$ 250,000 per Corporation, Partnership or Unincorporated Association - See FDIC.gov for details.	
<b>Benefits:</b>	<ul style="list-style-type: none"> <li>• Earnings credit to offset fees</li> <li>• Low monthly service fee</li> </ul>

In order to benefit from the conversion, the IRA holder must live for at least five years.</p> <p>Online Banking is available for Inquiries/information only.</p>									
<b>For More Information:</b>	See IRA brochure, Retirement Account Manual, IRS Pub 590									
<b>Insurance:</b>	Up to \$250,000 by FDIC per classification of account, Insured separately from non-retirement accounts.									

### RETIREMENT ACCOUNTS ROTH IRA BENEFITS

Great retirement savings opportunity which may offer the possibility of tax free withdrawals after five years, plus the interest is tax free.

**Wide range of investment options:**

- Statement Savings Account
- Short Term CD's 3, 6 or 9 months
- Long term CD's 12-60 months
- Jump Rate CD
- Tiered Advantage

Annual contributions can be 100% of earned income or annual maximum set by the IRS, whichever is less (Customer should always check with their tax consultant for eligibility)

**This plan offers lots of flexibility:**

- After five years withdrawals may be made, with no penalty, if due to death, disability or to finance customer's first home.
- After five years, withdrawals for higher education expenses may be made, penalty free but Taxes will be due on the amount withdrawn.
- Contributions can be made after 72, and withdrawals are not mandatory after 72.
- Customer can convert their Traditional IRA to a ROTH IRA (subject to certain rules)
- Semi-annual statements help customer keep track of their investments and progress towards their retirement goals.

## SIMPLIFIED EMPLOYEE PENSION PLAN (SEPP) (PLAN TYPE 2) (KIND 0 – 4 - 6 - 9)

<b>Description:</b>	A retirement account established by an employer. The employer can be a sole proprietor, sole-practitioner or corporation. Once established, the employer can make SEPP deposits into each eligible employee's IRA as well as his/her IRA.									
<b>Requirements:</b>	An agreement must be signed to establish a SEPP. Once the plan is set up, all eligible employees (including the employer) establish IRAs which receive the SEPP contributions. Each year the employer can decide whether or not to make a SEPP contribution. Contributions can be made according to IRS guidelines. Or, the employer can decide to make no SEPP contribution for the year at all. Contributions are not required for non-eligible employees. Non-eligible employees are those who have not reached age 21, worked at least 3 of the last 5 years, or earned at least the minimum established by IRS guidelines (indexed for inflation each year) non-resident aliens and certain union members can also be excluded. For minimum to open, interest rates, term and fees see the individual product description.									
<b>Opening Balance:</b>	<table><tr><td>\$10 to open</td><td>-</td><td>Statement Savings Account*</td></tr><tr><td>\$500 to open</td><td>-</td><td>3 – 60 month fixed rate CD**</td></tr><tr><td>\$500 to open</td><td>-</td><td>Jump Fixed Rate CD**</td></tr></table> <p>(100% of earned income or annual maximum set by the IRS, whichever is less)</p> <p>*Additional deposits may be made at any time in amounts of \$10 or more (Statement Savings Account)</p> <p>** Additional deposits may be made at maturity (Certificates)</p>	\$10 to open	-	Statement Savings Account*	\$500 to open	-	3 – 60 month fixed rate CD**	\$500 to open	-	Jump Fixed Rate CD**
\$10 to open	-	Statement Savings Account*								
\$500 to open	-	3 – 60 month fixed rate CD**								
\$500 to open	-	Jump Fixed Rate CD**								
<b>Interest:</b>	Set by Association (see current rate sheet) Compounded monthly - credited monthly (Statement Savings Account) Compounded quarterly - credited quarterly (Certificates of Deposit)									
<b>Fees:</b>	None									
<b>Statement:</b>	Semi-annual summary, Annual History									
<b>Electronic Transaction Access:</b>	None									
<b>Other Information:</b>	The employer has until the due date or his/her business tax return (plus extensions) to set up and fund a SEPP. In addition, the employer and employees can also make regular IRA contributions of up to 100% of earned income or annual maximum set by the IRS, whichever is less									
<b>Penalties/ Restrictions:</b>	Once SEPP contributions are made, normal IRA rules apply with the exception that there is no maximum age for SEPP participation.  Individuals over the age of 70 ½ may receive SEPP contributions. Mandatory distributions are required to begin in the year the customer attains the age of 72.  Online Banking is available for Inquiries/information only.									
<b>For More Information:</b>	See IRA brochure, Retirement Account Manual, IRS Pub 560									
<b>Insurance:</b>	Up to \$250,000 by FDIC per classification of account, Insured separately from non-retirement accounts.									

### HEALTH SAVINGS ACCOUNT (HSA) (PLAN TYPE 7) (PRODUCT TYPE 16)

Not currently being offered

<b>Description:</b>	A checking account established to use for qualified medical expenses. Account Holder must have HDHP with a deductible, cap and an "out of pocket" expense set by IRS guidelines

<b>Penalties/ Restrictions:</b>	None
<b>Other Information:</b>	Types of Direct Deposit: Social Security • Railroad Retirement • Government Payments • Veterans Administration • Pension Payments • Treasury Bill Interest • Civil Service Paycheck • Payroll Checks.
<b>For More Information:</b>	See Electronic Funds Transfer Disclosure.
<b>Insurance:</b>	Up to \$250,000 by FDIC per classification of account

#### Benefits:

- Safely arrange for customer's recurring deposits, such as payroll, dividends, interest, Social Security and pension.
- Eliminates the chance of customer's money being lost or stolen in the mail.
- Customer's monthly checking or savings statement clearly shows all direct deposit transactions.

### DEBIT CARD

<b>Description:</b>	A Debit Card that allows customer to make purchases from their checking account without writing a check and provides regular ATM access.
<b>Fees:</b>	No fees for Debit Card use • ATM fees may apply
<b>Statement:</b>	All transactions will be listed on monthly statement, including the date, amount of purchase and the merchant name.
<b>Eligibility:</b>	Must be at least 14 years of age – if under 18, an adult must be a joint owner of the account and must sign the signature card and debit card application with the minor.
<b>Penalties/ Restrictions:</b>	The limit on ATM withdrawals is generally \$500 per day (based on product type). ATM access is not permitted on CDs or IRAs.  Maximum limit on purchases is generally \$1000 per day (based on product type).
<b>Other Information:</b>	The Debit Card is not a credit card. This card allows a customer to purchase items and services from their checking account anywhere they see the MasterCard logo without writing a check. The purchase amount will be deducted from the balance in their checking account. Customer should keep receipts and deduct the amount of the purchase their checkbook immediately.  PIN (personal identification number) can be changed at any time through a MoneyPass ATM (customer must have current PIN), or by phone using the activation / PIN change number 1-800-992-3808
<b>For More Information:</b>	See Electronic Funds Transfer Disclosure.
<b>Insurance:</b>	N/A

#### **Benefits:**

- Allows customer to purchase goods and services with funds in their checking account, without writing checks. Can also be used for mail order, telephone orders and internet purchases.
- Customer only has to carry one card that acts like a debit card as well as a regular ATM card.
- Customer may use the card anywhere customer see the MasterCard logo.
- All of customer's purchases will be listed on customer's monthly checking account statement. The date, amount of the purchase and merchant name will be included for customer's records.

### ONLINE BANKING (RETAIL)

<b>Description:</b>	24 hour online access to checking, savings and loan accounts.
<b>Fees:</b>	None
<b>Penalties/ Restrictions:</b>	In order to transfer funds, the customer must be listed as an owner on the accounts.
<b>Other Information:</b>	Access account balances, transaction information, interest earned in current and previous year, extended history up to 24 months (rolling), place stop payments on checks, view a list of stop payments, transfer funds between internal accounts, and make loan payments from a checking or statement savings account (both loan and payment account at the same institution)
<b>For More Information:</b>	<a href="http://www.ffl.net">www.ffl.net</a>
<b>Insurance:</b>	N/A

#### **Benefits:**

- Convenient, easy and secure.
- View all existing accounts and current balances
- View all current business day or previous business day information
- View 24 months extended history (rolling)
- View total interest paid in current and previous years, per account
- Transfer funds between accounts
- Make loan payments from a checking or statement savings account (both loan and payment account at the same institution)
- Search transactions
- Nickname accounts for easy viewing
- Stop payment on checks and view a list of stopped payments placed
- Reorder checks

### SAVINGS OVERDRAFT PROTECTION

<b>Description:</b>	A product that uses funds from a savings account to cover overdrafts on Checking accounts at our institution. Savings accounts that qualify include: Statement and Money Market accounts. If the checking account is a business account, the savings must be a business account.
<b>Transfer Process:</b>	If the amount to cover the overdraft is available, the exact amount will be transferred. If the amount to cover the overdraft is not available, all available funds in the savings except for a penny (\$.01) will transfer to the checking account and an overdraft fee will still be charged.
<b>Statement:</b>	Transfer activity appears on normal monthly statement.
<b>Penalties/ Restrictions:</b>	No more than a total of 6 preauthorized telephone, internet or ACH withdrawals or overdraft transfers, including withdrawals for check payable to third parties may be made from the savings account per month.
<b>For More Information:</b>	Contact Savings Service
<b>Insurance:</b>	Up to \$250,000 by FDIC per classification of account

**Benefit:**

- Saves customer the embarrassment and expense of return checks

Application available on Shared Documents and Cleartouch.

## Overall CRA Rating

**Institution’s CRA Rating:** This institution is rated **Satisfactory**.

**The lending test is rated: Satisfactory.**

The major factors that support this rating include:

- The bank exhibited a reasonable geographic distribution of home mortgage loans.
- The bank exhibited a reasonable distribution of home mortgage loans among borrowers of different incomes.
- The bank had a reasonable loan-to-deposit (LTD) ratio.
- A majority of loans were originated inside the bank’s assessment area (AA).

### Loan-to-Deposit Ratio

Considering Warsaw Federal Savings and Loan Association’s (Warsaw or the bank) size, financial condition, and credit needs of the AA, the bank’s LTD ratio is reasonable.

The bank’s quarterly LTD ratios for the period between January 1, 2020, to December 31, 2022, was 66.3 percent, with quarterly ratios ranging from 49.1 percent in the first quarter of 2021 to 90.7 percent in the fourth quarter of 2022. The quarterly average LTD ratio for four similarly situated banks was 97.3 percent ranging from a low of 57.4 percent to a high of 153.2 percent.

### Lending in Assessment Area

A majority of the bank’s loans are inside its AA.

The bank originated and purchased 74.8 percent by number and 74.7 percent by dollar amount of its total loans inside the bank’s AA during the evaluation period. This analysis is performed at the bank, rather than the AA, level. This percentage does not include extensions of credit by affiliates that may be considered under the other performance criteria.

## Description of Institution

Warsaw Federal Savings and Loan Association (Warsaw) is a stock savings and loan deposit institution. It is headquartered in Cincinnati, OH and wholly owned by First Mutual Holding Company (FMHC), which is owned by depositors of each of its affiliate banks. FMHC is a five-mutual holding company. FMHC is based in Lakewood, OH, and acquired Warsaw on March 1, 2020.

As of December 31, 2022, the bank's assets totaled \$71.7 million and tier one capital totaled 8.8 million, or 12.2 percent of total assets. The bank has two full-service branches located in Hamilton County. The bank did not open or close any branches during the evaluation period. The bank has two ATMs at the branches. The ATM at the main office takes deposits and the Sayler Park branch does not take deposits. The bank is a Multistate Metropolitan Statistical Area (MMSA) and has designated all of Hamilton, Butler, Clermont, Warren, and Brown Counties in Ohio, Kenton, Boone, Campbell, Pendleton, Gallatin, and Grant Counties in Kentucky, and Dearborn and Ohio Counties in Indiana as their AA. The AA comprises 542 contiguous census tracts (CTs) and is part of the Cincinnati, OH-KY-IN MMSA. The AA complies with regulatory requirements and does not arbitrarily exclude any low- or moderate-income geographies.

The bank's primary loan products are residential real estate loans. The bank's loan portfolio increased 71.3 percent from \$31.2 million as of December 31, 2019, to \$53.5 million as of December 31, 2022. As of December 31, 2022, the loan portfolio was comprised of residential real estate loans (\$43.0 million or 80.3 percent), non-farm or non-residential loans (\$4.7 million or 8.8 percent), construction loans (\$4.1 million or 7.8 percent), multifamily loans (\$1.5 million or 2.8 percent), and commercial and industrial loans (\$187 thousand or 0.3 percent).

Based on Federal Deposit Insurance Corporation (FDIC) Deposit Market Share reports from June 30, 2019, and June 30, 2022, deposits at the bank have decreased from \$48.1 million to \$47.9 million.

Warsaw offers traditional home loan products, including home mortgage loans, commercial and construction loans. The bank's consumer deposit-related products and services include checking, savings, certificates of deposit, debit cards, online banking, and mobile banking. Business products include checking, savings, business online banking, and business mobile banking.

There are no legal, financial, or other factors impeding the bank's ability to help meet the credit needs of the AA. The bank received an "Outstanding" rating on their previous CRA performance evaluation dated, January 7, 2019.

## Scope of the Evaluation

### Evaluation Period/Products Evaluated

The OCC evaluated the bank using small bank performance criteria, which includes a lending test. The lending test evaluates the bank's record of meeting the credit needs of its AA through its lending activities. The evaluation period for the lending test is January 1, 2020, through December 31, 2022. This evaluation period included two census periods. For mortgage lending activity in 2020-2021, the OCC compared the bank's performance to the HMDA aggregate lender data as well as the 2015 American Community Survey (ACS) census data. Examiners specifically reviewed mortgage lending for

this evaluation, as this is the bank's primary product. For mortgage lending activity during 2022, the OCC compared the bank's performance to the aggregate lender data and the 2020 census data, which the FFIEC released in 2022. Emphasis was placed on 2022 lending performance as it was more recent and reflective of the bank's operating environment. Additionally, examiners considered consistent improvement year over year in bank performance.

### **Selection of Areas for Full-Scope Review**

Examiners performed a full-scope review of the Cincinnati AA since it is the bank's only AA.

In each state where the bank has an office, one or more of AAs within that state was selected for a full-scope review. For purposes of this evaluation, bank delineated assessment areas located within the same metropolitan statistical area (MSA), multistate metropolitan statistical area (MMSA), or combined statistical area (CSA) are combined and evaluated as a single AA. Similarly, bank delineated non-MSA AAs within the same state are combined and evaluated as a single area. These combined AAs may be evaluated as full- or limited-scope. Refer to the "Scope" section under each State Rating for details regarding how full-scope AAs were selected. Refer to appendix A, Scope of Examination, for a list of full- and limited-scope AAs.

### **Ratings**

The bank's overall rating is based on the multistate rating.

Examiners weighed information from the following performance criteria when analyzing the bank's primary lending products: LTD ratio, lending within the AA, lending to borrowers of different incomes and the geographic distribution of loans. Refer to the "Scope" paragraph within the "Multistate Metropolitan Statistical Area Rating" section of this document for details regarding how the areas were weighted in arriving at the respective ratings.

The MMSA rating and state ratings are based on performance in all bank AAs. Refer to the "Scope" section under each state and MMSA Rating section for details regarding how the areas were weighted in arriving at the respective ratings.

## **Discriminatory or Other Illegal Credit Practices Review**

Pursuant to 12 CFR 25.28(c) or 195.28(c), respectively, in determining a national bank's or federal savings association's (collectively, bank) CRA rating, the OCC considers evidence of discriminatory or other illegal credit practices in any geography by the bank, or in any AA by an affiliate whose loans have been considered as part of the bank's lending performance. As part of this evaluation process, the OCC consults with other federal agencies with responsibility for compliance with the relevant laws and regulations, including the U.S. Department of Justice, the U.S. Department of Housing and Urban Development, and the Bureau of Consumer Financial Protection, as applicable.

The OCC has not identified that this institution (or any affiliate whose loans have been considered as part of the institution's lending performance) has engaged in discriminatory or other illegal credit practices that require consideration in this evaluation.

The OCC will consider any information that this institution engaged in discriminatory or other illegal credit practices, identified by or provided to the OCC before the end of the institution's next performance evaluation in that subsequent evaluation, even if the information concerns activities that occurred during the evaluation period addressed in this performance evaluation.

# Multistate Metropolitan Statistical Area Rating

## Cincinnati MMSA

**CRA rating for the Cincinnati MMSA<sup>1</sup>:** Satisfactory.

**The Lending Test is rated:** Satisfactory.

The major factors that support this rating include:

- Reasonable geographic distribution of home mortgage loans, and
- Reasonable distribution of home mortgage loans among borrowers of different incomes.

## Description of Institution's Operations in Cincinnati MMSA

During the evaluation period, the bank operated two full-service branches within the AA. Both bank's branches are open Monday through Friday with identical hours. The main office also offers drive-through services on Saturday. Both offices are located in a moderate-income CT. Each office has an automated teller machine (ATM). The main office ATM is deposit taking while the other is a non-deposit taking ATM and are located at each branch and offer 24-hour accessibility. The bank did not open or close any branches during the evaluation period.

The Cincinnati AA is comprised of Hamilton, Butler, Clermont, Warren, and Brown counties in Ohio; Kenton, Boone, Campbell, Pendleton, Gallatin, and Grant counties in Kentucky; and Dearborn and Ohio counties in Indiana. The AA complies with regulatory requirements.

Based on 2015 ACS the AA had 493 CTs consisting of 63 low-income CTs, 114 moderate-income CTs, 183 middle-income CTs, 124 upper-income CTs, and nine CTs with no income classification. According to the 2020 U.S. Census data, there are now 542 CTs, 53 low-income CTs, 130 moderate-income CT, 198 middle-income CTs, and 145 upper-income CTs, and 16 CTs with no income classification in the Cincinnati AA.

Banking competition within the AA is high. According to the June 30, 2022, FDIC Deposit Market Share Report, there are 55 financial institutions with 620 offices serving the Cincinnati AA. The bank ranked 43rd in deposit market share in the AA, with 0.03 percent of total deposit market share. The top five institutions in the June 2022 report had a market share of 87.87 percent. The top five banks in the AA include U.S. Bank, N.A., Fifth Third Bank N.A., PNC Bank, N.A., The Huntington National Bank, and First Financial Bank.

The lending competition within the AA was very strong. In 2020, there were 721 lenders in the AA and Warsaw was ranked 75th with 516 loans and 0.28 percent market share. The top five lenders had a share of 26.69 percent with 48,476 loans. In 2021, there were 739 lenders in the AA and Warsaw was ranked 134th with 225 loans and 0.12 percent market share. The top five lenders had a share of 26.47 percent with 50,972 loans. In 2022, there were 722 lenders in the AA and Warsaw was ranked 104th with 218

---

<sup>1</sup> This rating reflects performance within the MMSA. The statewide evaluations do not reflect performance in the parts of those states contained within the MMSA.

loans and 0.18 percent market share. The top five lenders had a share of 24.75 percent with 30,248 loans. The top five lenders in 2022 were Fifth Third Bank, N.A., U.S. Bank, N.A., The Huntington National Bank, Union Savings Bank, and Rocket Mortgage, LLC.

The largest cities in the Cincinnati MMSA AA include Cincinnati, Hamilton, Fairfield, Covington, and Mason. Prominent industries include manufacturing, health care and social assistance, educational services, accommodation and food services, professional scientific and technical services and retail trade. Major employers in Cincinnati MMSA are Kroger, Cincinnati Childrens Hospital, TriHealth Inc., University of Cincinnati, and Procter and Gamble, Co.

As of December 31, 2022, the unemployment rate in Hamilton, Butler, and Clermont Counties was 3.0 percent, Warren County was 2.8 percent, and Brown County was 4.3 percent. The Ohio unemployment rate was 4.3 percent. The unemployment for all counties except one were below the state unemployment rate. The unemployment rate for Boone County was 3.0 percent, Campbell and Kenton Counties was 3.1 percent, and Gallatin and Pendleton Counties was 3.4 percent. Grant County unemployment rate was 3.6 percent. The unemployment rate for Kentucky was 3.6 percent. All of the county's unemployment rates were at or below the state unemployment rate. The unemployment rate for Dearborn County was 2.5 percent and Ohio County was 2.2 percent. The unemployment rate for Indiana was 2.7 percent. These counties' unemployment rates were below the state's unemployment rate.

Examiners considered information obtained from three community contacts within the AA to gain an understanding of the community development needs and credit opportunities of the AAs. The community organizations focus on affordable housing and community/social services to low- and moderate-income individuals. They identified the following needs in the bank's AAs: affordable, quality, and safe housing, adequate medical/dental professionals and facilities, employment opportunities, food assistance, financial literacy, homebuyer counseling, and affordable and reliable transportation. They also noted the need for bank personnel to volunteers for financial literacy, participation on board of directors and loan review committee members, funding for general operating support and programs, down payment assistance, alternative products, bank sponsors for FHLB applications, investment opportunities to help capitalize microenterprises and small businesses, renter advocates, and affordable credit and alternative products.

## Scope of Evaluation in Cincinnati AA

This analysis reflects a full-scope review of the Cincinnati AA. Examiners considered the number of home mortgage loans originated or purchased by the bank from January 1, 2020, through December 31, 2022. Examiners also considered any factors affecting the bank's ability to lend in its AA during the evaluation period, such as demographic and market share information.

## LENDING TEST

The bank's performance under the Lending Test in the Cincinnati AA is rated Satisfactory.

Based on a full-scope review, the bank's performance in the Cincinnati AA is reasonable.

## **Distribution of Loans by Income Level of the Geography**

The bank exhibits reasonable geographic distribution of home mortgage loans in the AA.

### ***Home Mortgage Loans***

Refer to Table O in the “MMSA” section of appendix D for the facts and data used to evaluate the geographic distribution of the bank’s home mortgage loan originations and purchases.

2020-2021

The bank’s distribution of home mortgage loans among geographies of different income levels in the Cincinnati AA is poor. The bank’s percentage of home mortgage loans among low-income CTs in the AA was 1.2 percent. This was below the 3.8 percent of the AAs owner-occupied housing units in moderate-income geographies and the 3.2 percent of aggregate bank lending. The bank’s percentage of home mortgage loans among moderate-income CTs in the AA was 5.5 percent. This is significantly below both the 16.9 percent of the AAs owner-occupied housing units in moderate-income geographies and the 14.3 percent of aggregate bank lending. According to 2021 peer mortgage data, Warsaw ranked 163 out of 392 lenders originating home mortgages in the moderate-income CTs.

2022

The bank’s distribution of home mortgage loans among geographies of different income levels in Cincinnati AA improved in 2022 and is reasonable. The bank’s percentage of home mortgage loans among low-income CTs in the AA was 7.9 percent. This exceeded both the percentage of owner-occupied housing units in low-income CTs geographies of 3.5 percent and the aggregate bank lending percentage of 3.5 percent. The bank’s percentage of home mortgage loans among moderate-income CTs in the AA was 12.4 percent. This was below both the 18.9 percent of the AAs owner-occupied housing units in moderate-income geographies and the 19.1 percent of aggregate bank lending. According to 2022 peer mortgage data, Warsaw ranked 119 out of 403 lenders originating home mortgages in moderate-income CTs.

## **Distribution of Loans by Income Level of the Borrower**

The bank exhibits a reasonable distribution of home mortgage loans to individuals of different income levels.

### ***Home Mortgage Loans***

Refer to Table P in the “MMSA” section of appendix D for the facts and data used to evaluate the borrower distribution of the bank’s home mortgage loan originations and purchases.

2020-2021

The bank’s distribution of home mortgage loans to borrowers of different income levels in the Cincinnati AA is poor. The bank’s percentage of home mortgage loans to low-income borrowers was 2.7 percent. This is below the 22.1 percent of low-income families living in the AA and below the 7.9 percent aggregate bank lending level. Aggregate lending is similarly well below the percentage of AA families. The OCC considered that 10.3 percent of AA families are below poverty level and housing

affordability is challenging to low-income borrowers in the AA. One method used to determine housing affordability assumes a maximum monthly principal and interest payment of no more than 30 percent of the applicant's income. The maximum low-income annual income calculation is based on 50 percent of the annual Federal Financial Institutions Examination Council (FFIEC) adjusted median family income (MFI). The MFI was \$69,949 in 2021. In 2021, this calculated to a maximum mortgage payment of \$874 for a low-income borrower. Assuming a 30-year mortgage with a five percent interest rate, and not accounting for a down payment, homeowners' insurance, real estate taxes, or additional monthly expenses, the monthly mortgage payment for a home at the median housing value of \$156,666 would be \$841 in the AA which may limit affordability for low-income borrowers. The bank's percentage of home mortgage loans to moderate-income borrowers was 12.5 percent. This was below the 16.8 percent of moderate-income families living in the AA and 19.1 percent aggregate bank lending.

## 2022

The bank's distribution of home mortgage loans to borrowers of different income levels in the Cincinnati AA improved in 2022 and is reasonable. The bank's percentage of home mortgage loans to low-income borrowers was 9.6 percent. This is significantly below the 21.3 percent of low-income families living in the AA, but near the 11.9 percent aggregate bank lending which is similarly lower than the low-income family demographics. Housing affordability remained challenging for low-income borrowers based on the updated median housing value and median family income. The bank's percentage of home mortgage loans to moderate-income borrowers is 18.5 percent. It exceeds the 17.5 percent of moderate-income families living in the AA and near the 22.0 percent aggregate bank lending level.

## **Responses to Complaints**

The bank did not receive any CRA-related complaints during the evaluation period.

## Appendix A: Scope of Examination

The following table identifies the time period covered in this evaluation, affiliate activities that were reviewed, and loan products considered. The table also reflects the MSAs and non-MSAs that received comprehensive examination review, designated by the term “full-scope,” and those that received a less comprehensive review, designated by the term “limited-scope”.

## Appendix C: Definitions and Common Abbreviations

---

The following terms and abbreviations are used in this performance evaluation, including the CRA tables. The definitions are intended to provide the reader with a general understanding of the terms, not a strict legal definition.

**Affiliate:** Any company that controls, is controlled by, or is under common control with another company. A company is under common control with another company if the same company directly or indirectly controls both companies. For example, a bank subsidiary is controlled by the bank and is, therefore, an affiliate.

**Aggregate Lending (Aggt.):** The number of loans originated and purchased by all reporting lenders (HMDA or CRA) in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the state/assessment area.

**Census Tract (CT):** A small, relatively permanent statistical subdivision of a county delineated by a local committee of census data users for the purpose of presenting data. Census tracts nest within counties, and their boundaries normally follow visible features, but may follow legal geography boundaries and other non-visible features in some instances, Census tracts ideally contain about 4,000 people and 1,600 housing units.

**Combined Statistical Area (CSA):** A geographic entity consisting of two or more adjacent Core Based Statistical Areas with employment interchange measures of at least 15. An employment interchange measure is a measure of ties between two adjacent entities. The employment interchange measure is the sum of the percentage of workers living in the smaller entity who work in the larger entity and the percentage of employment in the smaller entity that is accounted for by workers who reside in the larger entity.

**Community Development (CD):** Affordable housing (including multifamily rental housing) for low- or moderate-income individuals; community services targeted to low- or moderate-income individuals; activities that promote economic development by financing businesses or farms that meet Small Business Administration Development Company or Small Business Investment Company programs size eligibility standards or have gross annual revenues of \$1 million or less; or activities that revitalize or stabilize low- or moderate-income geographies, distressed or underserved nonmetropolitan middle-income geographies, or designated disaster areas.

**Community Reinvestment Act (CRA):** The statute that requires the OCC to evaluate a bank's record of meeting the credit needs of its entire community, including LMI areas, consistent with the safe and sound operation of the bank, and to take this record into account when evaluating certain corporate applications filed by the bank.

**Consumer Loan(s):** A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, other secured consumer loans, and other unsecured consumer loans.

**Family:** Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family, which is further classified into ‘male householder’ (a family with a male householder and no wife present) or ‘female householder’ (a family with a female householder and no husband present).

**Full-Scope Review:** Performance under the Lending, Investment, and Service Tests is analyzed considering performance context, quantitative factors (e.g., geographic distribution, borrower distribution, and total number and dollar amount of investments), and qualitative factors (e.g., innovativeness, complexity, and responsiveness).

**Geography:** A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

**Home Mortgage Disclosure Act (HMDA):** The statute that requires certain mortgage lenders that conduct business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants, the amount of loan requested, the disposition of the application (e.g., approved, denied, and withdrawn), the lien status of the collateral, any requests for preapproval, and loans for manufactured housing.

**Home Mortgage Loans:** A closed-end mortgage loan or an open-end line of credit as these terms are defined under 12 CFR 1003.2, and that is not an excluded transaction under 12 CFR 1003.3(c)(1) through (c)(10) and (c)(13).

**Household:** Includes all persons occupying a housing unit. Persons not living in households are classified as living in group quarters. In 100 percent tabulations, the count of households always equals the count of occupied housing units.

**Limited-Scope Review:** Performance under the Lending, Investment, and Service Tests is analyzed using only quantitative factors (e.g., geographic distribution, borrower distribution, total number and dollar amount of investments, and branch distribution).

**Low-Income Individual:** Individual income that is less than 50 percent of the area median income.

**Low Income Geography:** A census tract with a median family income that is less than 50 percent.

**Market Share:** The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the state/assessment area.

**Median Family Income (MFI):** The median income determined by the U.S. Census Bureau every five years and used to determine the income level category of geographies. The median is the point at which half of the families have income above, and half below, a range of incomes. Also, the median income determined by the Federal Financial Institutions Examination Council (FFIEC) annually that is used to determine the income level category of individuals. For any given area, the median is the point at which half of the families have income above, and half below, a range of incomes.

**Metropolitan Division:** As defined by Office of Management and Budget, a county or group of counties within a Core Based Statistical Area that contains an urbanized population of at least 2.5 million. A Metropolitan Division consists of one or more main/secondary counties that represent an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

**Metropolitan Statistical Area:** An area, defined by the Office of Management and Budget, as a core based statistical area associated with at least one urbanized area that has a population of at least 50,000. The Metropolitan Statistical Area comprises the central county or counties containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

**Middle-Income:** Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 percent and less than 120 percent, in the case of a geography

**Moderate-Income:** Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 percent and less than 80 percent, in the case of a geography.

**Multifamily:** Refers to a residential structure that contains five or more units.

**Owner-Occupied Units:** Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

**Qualified Investment:** A qualified investment is defined as any lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

**Rating Area:** A rated area is a state or multi-state metropolitan statistical area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multi-state metropolitan statistical area, the institution will receive a rating for the multi-state metropolitan statistical area.

**Small Loan(s) to Business(es):** A loan included in 'loans to small businesses' as defined in the Consolidated Report of Condition and Income (Call Report) instructions. These loans have original amounts of \$1 million or less and typically are either secured by nonfarm or nonresidential real estate or are classified as commercial and industrial loans.

**Small Loan(s) to Farm(s):** A loan included in 'loans to small farms' as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, or are classified as loans to finance agricultural production and other loans to farmers.

**Tier 1 Capital:** The total of common shareholders' equity, perpetual preferred shareholders' equity with non-cumulative dividends, retained earnings and minority interests in the equity accounts of consolidated subsidiaries.

**Upper-Income:** Individual income that is at least 120 percent of the area median income, or a median family income that is at least 120 percent, in the case of a geography.

## Appendix D: Tables of Performance Data

---

### Content of Standardized Tables

A separate set of tables is provided for each state. All multistate metropolitan statistical areas, if applicable, are presented in one set of tables. References to the “bank” include activities of any affiliates that the bank provided for consideration (refer to appendix A: Scope of the Examination). For purposes of reviewing the Lending Test tables, the following are applicable: (1) purchased are treated as originations; and (2) “aggregate” is the percentage of the aggregate number of reportable loans originated and purchased by all HMDA or CRA-reporting lenders in the MMSA/assessment area. Deposit data are compiled by the FDIC and are available as of June 30<sup>th</sup> of each year. Tables without data are not included in this PE.

The following is a listing and brief description of the tables included in each set:

**Table O. Assessment Area Distribution of Home Mortgage Loans by Income Category of the Geography** - Compares the percentage distribution of the number of loans originated and purchased by the bank in low-, moderate-, middle-, and upper-income geographies to the percentage distribution of owner-occupied housing units throughout those geographies. The table also presents aggregate peer data for the years the data is available.

**Table P. Assessment Area Distribution of Home Mortgage Loans by Income Category of the Borrower** - Compares the percentage distribution of the number of loans originated and purchased by the bank to low-, moderate-, middle-, and upper-income borrowers to the percentage distribution of families by income level in each MMSA/assessment area. The table also presents aggregate peer data for the years the data is available.

The total loan amount presented in the tables for each assessment area may differ from the total loan amount reported in the aggregate table due to how the underlying loan data is rounded in each table.
